About Us

JIVI INDUSTRIES are expertise in manufacturing of Electrical and Mechanical Lugs, Neutral Links, Bus Bars, Ground Bars, Earth Bars, Grub Screws in metals like Aluminum, Copper, M.S and Brass. We also manufacture motorized shafts and pins as per clients' requirements. We provide extended services to clients for developing their products. The company has clearly defined mission statement, which says we at Stella Industries had envisioned future where we would promise only that which we could deliver and that how, we aim to keep it today, tomorrow and times to come in future, because we know that deliverance is the basic block in which a strong customer/client relation can be formed.

Here, we manage our business for longterm success in a way i.e. Economically, Environmentally and Socially responsible. We ensure that each and every one of our valued customers are rendered with world class service on daily basis. This is achieved by providing the highest quality products, meeting exact specifications and promise to provide on time delivery.

4) Corrugated Box

Capacity

Sr No	Description	Inhouse	Hired
1	VMC (Vertical Machining Center)	2	2
2	CNC (Computerised Numerical Control)		1
3	PLC Controlled SPM	18	
4	Cutting SPM	9	
5	Horizontal Tapping Machine	11	
6	Traub Machine	2	2
7	Grinding machine	1	
8	Rolling Machine	1	1
9	Slitting Machine	1	1
10	Pillar Drill Machine	25	
11	Press Machine	1	
12	De-burring SPM	2	
13	Bench and Belt Grinder	2	
14	Tool Sharpner	1	

- Well-equipped VMC's with latest technology.
- Automatic PLC controlled Machines.
- Special designed tapping Machines.
- Mechanical and Electrical press Machines.
- Automatic Slitting Machines.
- Technically Sound team of Engineers.
- Special Design team for faster product development at competent price.
- Adequate infrastructure facility to expand.
- Stella Industries has capacity to produce wide range of products and is raising the bar for itself.
- Well Equipped Quality Inspection Laboratory.
